

I've just come out of that hole  
on the hill. What happened was I  
was pulling along, I was  
sliding on the ground, I  
my back and hit my  
head and my eyes  
were closed. I was  
in a deep  
somewhere. I was  
tumbling. (This was  
the first time I  
was alive)  
I had lost  
of my  
never did  
right and  
then what happened  
I'm not going to  
I got riding from the  
of my  
My sister
